Pat Hurst Nominated to Serve on BBB

Pat Hurst has recently been nominated to serve on the Better Business Bureau's Board of Directors. Pat is among several outstanding business

leaders dedicated to assisting the Better Business Bureau to protect Ohio's consumers and improving the efforts of the business community. Pat refers to his nomination as "An enormous tribute to our entire staff's commitment to our clients and our continued efforts to hold ourselves to the highest level of integrity possible."

The BBB is the standard that local businesses can be measured against for trust, integrity and ethics. *Hurst Design-Build-Remodeling* has been a proud BBB accredited member since October 1999.

Congratulations Pat!

Tips & Trends

Four Tips to Create a Comfortable Entertaining Space

- 1. Consider How You Entertain** – Answering just a few simple questions can help efficiently plan your space, create a working budget and assist you in selecting finishes, appliances and available options. How often do you entertain? If you entertain frequently, splurging for a wine cooler, warming drawer and commercial-grade range may be in your plans.
- 2. Keep It Light** – Lighting plays an important role in entertaining in your home. Consider utilizing a lighting control system that can create a variety of scenes and can coordinate with other home automation systems. With a touch of a control panel, the lighting level can quickly change from one conducive to cooking tasks to one that sets the mood for joyful celebrations or intimate dining.
- 3. Make It Work** – The entertaining areas should easily flow together, but also be clearly defined.

- 4. Select a Color Scheme** – The color palette you select should not only compliment your existing home, but should also reflect the setting you'd like to create during gatherings or dinner parties.

Over the years, Hurst Remodeling has completed numerous projects, and following these tips can ensure a well-planned, sensational entertaining area that will be enjoyed for years to come.
